# BABY'S MATINEE COATS

(AGE 3/6 MONTHS)

To obtain a perfect reproduction of the garments illustrated on the front cover of this leaflet you **MUST** read and follow the instructions laid down in the paragraphs numbered 1 and 2. These instructions are the work of an expert knitter and if followed carefully satisfactory results cannot fail to be achieved.

## No. 1

### TENSION

This paragraph is most important — read it carefully before commencing your garments.

You have obtained the correct SIRDAR WOOL, you have obtained the correct Needles, but TO OBTAIN THE CORRECT MEASUREMENTS it is essential that you work to the tension stated. The one-inch rule at the side of this page indicates the number of stitches to the inch and is for your guidance. PLEASE USE IT.

We suggest you work a small sample in this stitch before commencing the garment, then place the one-inch rule across it and see if your tension corresponds.

If you are unable to obtain the correct tension, proceed as follows:—

If you have less stitches than the number stated use a finer needle.

If you have more stitches than the number stated use a coarser needle.

The tension for these garments is 8 sts. to one inch.

### ABBREVIATIONS
